ANNUAL PLANNING SESSIONS OF THE BOARD OF EDUCATION

The Township of Union Board of Education will meet twice a year at six (6) month intervals (once in February and once in August) for the purpose of planning for the future. The Board may choose to adopt its goals at the August meeting and review the progress of the established goals during the February meeting. The usual work session in February (if scheduled) will be used as a planning meeting. If the President of the Board deems it necessary, he or she may call a third meeting during the month of February to complete normal Board business if the one monthly meeting is not sufficient. The planning session in February and August will not be used to discuss or conduct the normal business of the Board.

Date: November 15, 2011
