The Family Center at Montclair

Union Board of Education

Union, NJ

As per your request for psychiatric services, The Family Center at Montclair can provide a child and adolescent psychiatrist to perform evaluations for your students in order to determine the services they may need. The rate for these services are as follows:

General Psychiatric Evaluation: Evaluation, mental status, diagnosis and recommendations, report sent to the school. \$850

In depth Psychiatric Evaluation: Psycho-social history, Evaluation, mental status, diagnosis, recommendations, full report sent to school. \$1,600.

If approved, services will begin this current school year 2021-2022. Referral forms will be sent to the Union School District along with instructions for the parent. Evaluations will be completed in two sessions; one being the intake, which will consist of parents signing consent forms, and giving background information on the student, and the second, the psychiatrist's evaluation. All appointments will be given as soon as possible (depending on the psychiatrist's schedule and the parent's schedule) after a referral is made. Reports will be sent to the school approx. 2-3 weeks after the evaluation.

Should you have any questions, please feel free to contact our office.

Sincerely,

Joyce Mierzejewski, Director
