Mission Statement

The mission of the Township of Union Public Schools is to build on the foundations of honesty, excellence, integrity, strong family, and community partnerships. We promote a supportive learning environment where every student is challenged, inspired, empowered, and respected as diverse learners. Through cultivation of students' intellectual curiosity, skills and knowledge, our students can achieve academically and socially, and contribute as responsible and productive citizens of our global community.

Philosophy Statement

The Township of Union Public School District, as a societal agency, reflects democratic ideals and concepts through its educational practices. It is the belief of the Board of Education that a primary function of the Township of Union Public School System is to formulate a learning climate conducive to the needs of all students in general, providing therein for individual differences. The school operates as a partner with the home and community.

Course Description

This course of study investigates human history from its earliest stages to the Age of Revolutions, including Political, Industrial and Scientific Revolutions. The geography, history, and culture of areas of the world, beginning with the early river civilizations, are studied. The achievements and contributions of the classical cultures of Greece, Rome, China, India, and Africa will be analyzed as will the development of the societies of Europe, Africa, and the Middle East. The diversity of cultures and the contributions of various cultures and ethnicity will be analyzed in context and in relationship to current events.

Curriculum Units/Pacing Guide

Unit # / Title	Number of Days
Unit 1: The Beginnings of Human Society: Paleolithic and Neolithic Ages	Approximately 10-15
Unit 2: Early Civilizations: Ancient Mesopotamia/Fertile Crescent	Approximately 15-20
Unit 3: Early Civilizations: Ancient Egypt	Approximately 20-25
Unit 4: Early Civilizations: Ancient India and China	Approximately 20-25
Unit 5: Ancient Greece	Approximately 20-25
Unit 6: Ancient Rome	Approximately 20-25
Unit 7: African Kingdoms	Approximately 20-25
Unit 8: Middle Ages and Feudalism	Approximately 15-20
Unit 9: Renaissance, Reformation, Exploration	Approximately 10-15

Unit Standards Overview

Overview	Standards	Unit Skills Focus	Content-Specific Practices (when applicable)
Unit 1 The Beginnings of Human Society: Paleolithic and Neolithic Ages	6.2.8.A.1.a 6.2.8.B.1.a 6.2.8.C.1.a 6.2.8.C.1.b 6.2.8.D.1.b 6.2.8.D.1.c	<ul style="list-style-type: none"> Study the concepts of prehistory and agriculture in order to track the origins of human progress, Agricultural Revolution, and the beginning of early settlements. Analyze the foundations of human behavior, the essential role of polytheistic and monotheistic religion, and human-environmental interaction. Understand the difference between primary and secondary sources. 	<ul style="list-style-type: none"> Annotated Timelines Teacher and student led PowerPoint Presentations Definitions of key terms and concepts Annotations and close reading activities Classroom Discussions, Socratic seminars, and Debates Analysis of graphic organizers and notes Individual/Group Presentations Document Based Question analysis and essays Written responses to queries Summary and Analysis of Videos/Documents/Films Student-centered learning stations Formative and summative assessments

<p>8.1.2.A.6 Identify the structure and components of a database. 8.1.P.C.1 Collaborate with peers by participating in interactive digital games or activities. 8.1.8.D.4 Assess the credibility and accuracy of digital content.</p>	<p>CRP1. Act as a responsible and contributing citizen and employee. CRP2. Apply appropriate academic and technical skills. CRP4. Communicate clearly and effectively and with reason. CRP5. Consider the environmental, social and economic impacts of decisions.</p>

8.1.8.L. Effectively use a variety of search tools and filters in professional public databases to find information to solve a real world problem.

8.2.8.A.5 Describe how resources such as material, energy, information, time, tools, people, and capital contribute to a technological product or system.

8.2.8.B.1 Evaluate the history and impact of sustainability on the development of a system over time and present results to peers.

CRF. Employ valid and reliable research strategies.

CRP8. Utilize critical thinking to make sense of problems and persevere in solving them.

CRP11. Use technology to enhance productivity.

21st Century Skills

When possible, provide links to specific samples/ documents/ assignments/etc.

Refer to the 21st Century Life and Skills

Interdisciplinary Connections

When possible, provide links to specific ELA/Math/Sci/SS standards as well as samples/ documents/ assignments/etc.

Refer to the NJ Student Learning Standards

9.1.8.A.4 Relate earning power to quality of life across cultures.

9.2.8.B.4 Evaluate how traditional and nontraditional careers have evolved regionally, nationally, and globally.

9.1.8.D.5 Explain the economic principle of supply and demand.

Reading

RI.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.

RI.7.2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.

RI.7.4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.

RI.7.8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.

Writing

NJSLSA.W1. Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.

NJSLSA.W4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.

NJSLSA.W7. Conduct short as well as more sustained research projects, utilizing an inquiry-based research process, based on focused questions.

NJSLSA.W8. Gather relevant information from multiple print and digital sources.

NJSLSA.W9. Draw evidence from literary or informational texts to support analysis.

Speaking and Listening

NJSLSA.SL1. Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

NJSLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

NJSLSA.SL3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

NJSLSA.SL4. Present information, findings, and supporting evidence such that

listen. can follow the line of reasoning and the organization, developme and style are appropriate to task, purpose, and audience.
NJSLSA.SL.5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations.

Unit 2: Early Civilizations: Ancient Mesopotamia/Fertile Crescent

- 9.1.8.A.4 Relate earning power to quality of life across cultures.
- 9.2.8.B.4 Evaluate how traditional and nontraditional careers have evolved regionally, nationally, and globally.
- 9.1.8.D.5 Explain the economic principle of supply and demand.

Reading
RI.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.
RI.7.2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.
RI.7.4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.
RI.7.8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.

Writing
NJLSA.W1. Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.
NJLSA.W4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
NJLSA.W7. Conduct short as well as more sustained research projects, utilizing an inquiry-based research process, based on focused questions.
NJLSA.W8. Gather relevant information from multiple print and digital sources.
NJLSA.W9. Draw evidence from literary or informational texts to support analysis.

Speaking and Listening
NJLSA.SL1. Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.
NJLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.
NJLSA.SL3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

Unit 3: Early Civilizations: Ancient Egypt

Reading

- RI.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.
- RI.7.2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.
- RI.7.3. Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events).
- RI.7.4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.
- RI.7.8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.

Writing

- NJSLSA.W1. Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.
- NJSLSA.W4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
- NJSLSA.W7. Conduct short as well as more sustained research projects, utilizing an inquiry-based research process, based on focused questions.
- NJSLSA.W8. Gather relevant information from multiple print and digital sources.
- NJSLSA.W9. Draw evidence from literary or informational texts to support analysis.

Speaking and Listening

1. SA.SL.1. Prepare for and participate effectively in a range of oral presentations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

NJSLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

NJSLSA.SL3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience.

NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations.

<ul style="list-style-type: none"> 8.1.2.A.6 Identify the structure and components of a database. 8.1.8.B.1 Synthesize and publish information about a local or global issue or event (ex. telecollaborative project, blog, school web). 8.1.P.C.1 Collaborate with peers by participating in interactive digital games or activities. 8.1.8.D.2 Demonstrate the application of appropriate citations to digital content. 8.1.8.D.4 Assess the credibility and accuracy of digital content. 8.1.8.E.1 Effectively use a variety of search tools and filters in professional public databases to find information to solve a real world 	<ul style="list-style-type: none"> CRP1. Act as a responsible and contributing citizen and employee. CRP2. Apply appropriate academic and technical skills. CRP4. Communicate clearly and effectively and with reason. CRP5. Consider the environmental, social and economic impacts of decisions. CRP7. Employ valid and reliable research strategies. CRP8. Utilize critical thinking to make sense of problems and persevere in solving them. CRP11. Use technology to enhance productivity.

problem.

- 8.1.8.F.1 Explore a local issue, by using digital tools to collect and analyze data to identify a solution and make an informed decision.
- 8.2.8.A.5 Describe how resources such as material, energy, information, time, tools, people, and capital contribute to a technological product or system.
- 8.2.8.B.1 Evaluate the history and impact of sustainability on the development of a designed product or system over time and present results to peers.
- 8.2.8.B.5 Identify new technologies resulting from the demands, values, and interests of individuals, businesses, industries and societies.

21st Century Skills

When possible, provide links to specific samples/ documents/ assignments/etc.

Refer to the 21st Century Life and Skills

- 9.1.8.A.4 Relate earning power to quality of life across cultures.
- 9.1.8.A.5 Relate how the demand for certain skills determines an individual's earning power
- 9.2.8.B.4 Evaluate how traditional and nontraditional careers have evolved regionally, nationally, and globally.
- 9.1.8.D.5 Explain the economic principle of supply and demand.

Interdisciplinary Connections

When possible, provide links to specific ELA/Math/Sci/SS standards as well as samples/ documents/ assignments/etc.

Refer to the NJ Student Learning Standards

Reading

- RI.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.
- RI.7.2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.
- RI.7.3. Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events).
- RI.7.4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.
- RI.7.8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.

Writing

- NJSLSA.W1. Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.
- NJSLSA.W4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
- NJSLSA.W7. Conduct short as well as more sustained research projects, utilizing an inquiry-based research process, based on focused questions.
- NJSLSA.W8. Gather relevant information from multiple print and digital sources.
- NJSLSA.W9. Draw evidence from literary or informational texts to support analysis.

Speaking and Listening

- NJSLSA.SL1. Prepare for and participate effectively in a range of conversations and

	<p>collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.</p> <p>NJSLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.</p> <p>NJSLSA.SL3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.</p> <p>NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience.</p> <p>NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations.</p>
